

# DuraFlex 6120

## bedrail & tailgate covers for pickup trucks

DuraFlex 6120 was developed to meet multiple OEM requirements for the pickup truck market.

This material has excellent performance in all exterior scratch and mar durability requirements and does not whiten after rigorous application testing.

## key material advantages

- Good Processability for Long Thin Parts-  
Minimizes Part Warpage
- Excellent Surface Durability for Scratch and Mar
- UV Stable to 4500kJ
- Colorable to OEM Requirements
- Low CLTE for Excellent Part Performance and  
Gap Tolerances
- Excellent Cold Temperature Impact
